Hello! My name is Haleigh Putnam and I am the Jaguar Cubs Preschool teacher.

I attended college at EIU and then at GCU going online during COVID. I have been a preschool teacher for six years. I worked at a school in Columbia IL as a preschool teacher before making my way to St. John's.

In our class we focus on mastering all of our ABC's and 123's. While also learning sign language and Spanish. We focus on learning to write our names and working on our fine and gross motor skills everyday. It is so important that students master these fundamentals and so much more so that they are ready for the next big step whenever that time comes!

I am married to my amazing husband Chase and we're expecting our first baby May of 2025. We have three fur babies that are my world and keep our lives crazy! I love warm weather and Amazon browsing! My favorite food is popcorn and I love traveling to new places.

My favorite thing about St.John's is how close everyone is, like a big family! I love getting to watch my kids grow from August-May and everything they have learned over the school year.
