My name is Mrs. Heather Slocomb, and I am the 7th and 8th homeroom teacher. I teach 5th-8th Grade Literature, English, Book Study/Vocabulary, and 7th and 8th History.

I attended McKendree University and received my Bachelor's in Psychology and Speech Communication and my Master's in Education. Before teaching, I was a substitute teacher and a paraprofessional.

I believe that teaching ELA is very important, because it is an essential skill that we use in our daily lives.

I was raised in Smithton, IL. I love spending time with my family and friends. I enjoy being outdoors, connecting with my faith, reading, working out, watching movies, and spending quality time with my husband and our new puppy, Buck! My husband and I recently got married on May 4th, 2024. Our favorite season is Fall with all of the colors and holidays. We enjoy watching sports such as Hockey and Football with our family and friends. We love taking summer trips to Kentucky and hope to travel to more areas. We also like to go to our family farm in the Fall for hunting (my husband hunts, not me haha!).

What I love about working at St. John the Baptist is the friendly atmosphere. The staff and teachers are really close, and we work together to help our students succeed. I also love the classroom size where I can get to know each of my students.

Mrs. Slocomb
